

KNOTS MADE EASY

The Art of Decorative Ropework DVD

*Unleash your imagination
and make incredible things
94 minutes - 23 step-by-step demonstrations
A new dimension in arts and crafts*

Richard Phelan and Phil Cook are pleased to present “KNOTS MADE EASY” on DVD.

Richard M. Phelan and Phil Cook, who have both been members of the IGKT (International Guild of Knot Tyers) since the 1990's, have now teamed up to bring to you the very best of ornate rope work ever seen, presented on DVD.

The DVD includes 23 full hands on, step by step demonstrations from the original material film footage by Cliff Watts, which teaches some of the most complex knots in an easy to learn tutorial. The tutorial has over 30 top reviews and has been used by the UK Sea Cadets for teaching some of the best knot work you could ever imagine, allowing you to make almost anything from rope or cord.

The New DVD is a big step forward in spreading the art of decorative rope work and knot tying, thanks to modern technology which enabled Richard and Phil to produce a menu-driven DVD from the original film . Many will now be able to view the tutorial at any location with convenience, ease and comfort, going directly to the specific section of the tutorial required.

This is a new dimension in arts and crafts, with so many possible applications, from jewellery to key rings to ornate bell landyards. Ideal for fundraising ideas, personalised gifts, decorations ... the list is endless! All you need is a little imagination and skill, which this DVD will provide you with!

Read on to see some of the reviews of the lessons, and to see examples of articles made from the knots taught on the DVD.
